Gurukul Public School

One day fun at Lucknow Zoo

We went to Lucknow Zoo

Gurukul students saw an awesome range of wild animals, from the African giraffe to the Royal Bengal Tiger and the very intelligent chimpanzee. They also saw the Uttar Pradesh state museum and the beautiful Nageene wali Baradari that had fountains flowing on all its four sides. A hectic session in the park with swings and slides added to the day's fun!

Chhatrapati Shivaji Maharaj Birth Anniversary:

She is a regular and obedient student of Class 6B. Tanu Singh, like her cute smile, is cute with her behaviour too. She is studious and performs well in class. On the basis of these qualities she is the student of the week.

Birth anniversary of Shivaji falls on 19 February and was celebrated with a small function at our school. Through celebrating such events our teachers try to make students aware of the life and work of great personalities. We all know of the great Maratha leader but our teachers told some lesser known stories about him. They told students about how Shivaji established his kingdom, how he faced and overcame many struggles in his life, and many more interesting facts about the Chhatrapati.

Parade Practice for Sports Day
