Let's Celebrate Holi

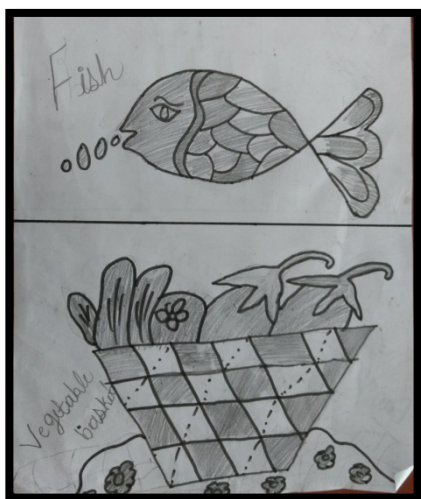

Happy Holi!

The vibrancy of colors is something that brings in a lot of positivity in our lives and Holi being the festival of colours is a day worth rejoicing. Holi is a major and popular Hindu festival that is celebrated in most parts of India with utmost joy and enthusiasm. At Gurukul, there was much festivity, and colour, in the air on the day before the school closed for three days of Holi holidays. Children sprinkled colour on each other, as well as on their teachers, before going home. We hope and wish that the joy of Holi will last them all the year round.

The new session has begun for Class 10, a month earlier than for other classes, to help them start early in their preparations for the CBSE Board exams next year. We are holding special English classes for the Class 10 students for a month to improve their reading and writing skills in the language.
