Exams in progress – Earlier in the week

## CHECKING OF ANNUAL EXAM ANSWER SHEETS:

Teachers taught their students for a year, now they are evaluating them. The annual exams at Gurukul are going on since March 2, but the schedule has been delayed due to the holidays declared by the administration in wake of the coronavirus scare. We are hopeful that the students will do well in the exams and go into the next session with confidence.

### Coronavirus:

Posters drawn by teachers and students of our school were used to spread awareness about coronavirus and the precautions to take for prevention from infection. The posters explained the symptoms of a coronavirus infection and the proper way to maintain hygiene, such as thoroughly washing hands with soap.
